

Mitsubishi Electric Announces New Branch President for Central Eastern Europe

Balice, Poland – 21st May 2019 – Mitsubishi Electric, a global producer of electric and electronic devices has announced from 1st April 2019 Mr. Wojciech Wąsik has taken the position of Branch President at the Polish Branch of Mitsubishi Electric Europe B.V. (Sp. z o.o.). Mr. Wąsik takes over the position of Mr. Yutaka Oyaizu who, after three years of dynamic company development has returned to Japan to head the division responsible for the development of Mitsubishi Electric's global clients.

Having been associated with Mitsubishi Electric for more than twenty years Mr. Wąsik has successively escalated through positions in the company's Automation division, most recently as head of the Factory Automation Division for Central Eastern Europe. In his new role Mr. Wąsik will hold both positions as head of the Factory Automation Division and President of the Polish Branch of Mitsubishi Electric Europe B.V.

In his role as Branch President Mr. Wąsik will take on responsibility for development of the business for Air Conditioning, Heating, Ventilation and Chiller Division (Living Environment Systems) in Poland.

Under the direction of the new Branch President, Mitsubishi Electric will continue to focus on providing comprehensive solutions in the field of automation and robotics in Central Eastern Europe, while also developing air-conditioning, ventilation and heat pump systems in Poland.
